

ELITES

Supported by: European Gravitational Observatory – Institute for Cosmic Ray Research, University of Tokyo – Università degli Studi di Roma “La Sapienza” – Friedrich Schiller Universitaet Jena, University of Glasgow - Stichting Voor Fundamenteel Onderzoek Der Materie – Max-Planck-Institut fuer Gravitationsphysik - Università degli Studi del Sannio – University of West Scotland, Centre National de la Recherche Scientifique

# ELITES

3<sup>rd</sup> general meeting

February 9<sup>th</sup>-10<sup>th</sup>, 2015

Tokyo

ELITES project is a joint collaboration between Japanese and European research institutes and universities involved in the Einstein gravitational wave Telescope (ET) and KAGRA projects; ELITES, funded by the European Commission under FP7, supports the exchange of scientists between Europe and Japan.
